INDEX TO VOLUME 29

The star (*) preceding the page number indicates an original article. No author entries are made except for original articles. Book Reviews and Society Transactions are indexed under these headings in their alphabetical order under the letters B and S, respectively.

PAGE

Abscess, perinephritic 715
retropharyngeal, traumatic, in baby..... 136
Acarus, scabiei; itch mite and its burrow.. 279
Acetone bodies, rate of excretion during the day 107
Acidosis, anhydremic, due to lactic acid...*761
postoperative 571
Acrodynia 288,706, 708
erythredema; pink disease, so-called acrodynia in infants..... 860
Addison's Disease, blood in..... 411
Albumin, shock from ingestion of..... 683
Aldinger, A. K.: Goiter incidence in school girls of New York City.....*780
Aldrich, C. A.: Clinical course of vaccine-treated pertussis in private practice....*486
Amin formation in infant's intestine and rôle of amins in intoxication..... 836
Anaphylaxis after large amounts of horse serum 532
and pneumococcus immunity..... 527
cellular and humoral theories of..... 532
cutaneous reaction in allergic diseases of infancy 419
from linseed poultice..... 713
Neufeld-Besredke serum inoculations for preventing 274
production and significance of cutaneous allergy to pneumococcus protein..... 528
pulmonary circulation in..... 532
Anemia, aplastic, idiopathic..... 128
congenital syphilis and..... 270
experimental, effect of splenectomy in.... 526
experimental, plasma lipoids in..... 680
Gaucher's disease 719
hemolytic 851
infantile cardiomegalic anemia..... 848
of infancy 289
pathogenesis of goat milk anemia..... 683
pneumonia and anemia in infants; blood transfusion in *318
secondary; recent work in anatomy, physiology and pathology of infancy and childhood *806
severe, in new-born..... 543
Angioma, developmental telangiectatic hemorrhage and so-called "telangiectasia" familial and non-familial..... 138
Aniridia in five generations..... 708
Ankylosis, hereditary, of proximal phalangeal joints 713

PAGE

Anorexia nervosa, treatment of, in children 405
Antibodies, transmission of tuberculosis and syphilitic antibodies from mother to child 126
Antiketogenesis; ketolytic reaction; action of glycol aldehyd and glyoxal..... 107
Antimeningococcus, therapeutic, importance of polyvalence in use of..... 529
Aorta, lesions of, associated with acute rheumatic fever 408
radiologic study of, diagnostic importance in hereditary syphilis..... 410
Appendicitis, acute, in children...142, 414, 414
chronic, in children..... 415
prenatal *86
Arginin, relation of, to growth..... 259
Arsenic, excretion of, through the kidney after intravenous administration of arsphenamin, neo-arsphenamin, silver arsphenamin and tryparsamide 125
Arsphenamin, complex nitritoid crisis after 280
Asphyxia, relative loss of heat and weight in new-born and treatment of shock.. 687
Asthenic children 422
Auricular fibrillation, report of case in child *767
Avitaminosis in the breast fed..... 540

Bacillus bifidus, fermentation of cow's and human skimmed milk by fermentation acids produced by B. bifidus communis 835
coli, effect of change of reaction on growth of Staphylococcus aureus and.. *78
coli infection, an extreme case of vaso-motor disturbance in infant, due to... 285
coli, treatment of infectious diseases particularly pyelitis with..... 274
Bacteria, detoxification of bacterial toxins without altering antigenic properties... 428
relation of dose of, to group infection.. 257
relation of vegetative activity of, to pathogenicity 257
Barenberg, L. H.: Gonorrheal proctitis as cause of blood and mucus in stools of infants *206
Barlow's Disease: See Scurvy
Bass, M. H.: Association of anemia and pneumonia in infants, treatment by blood transfusion *318
Bed, enclosed, for premature and feeble infants 263
Behavior abnormalities of children: their genesis and their management..... 700
resistant, of children..... 854
Beriberi in Chinese women and child-bearing 541
two cases, in new-born twins..... 542
Bernhard, A.: Uric acid metabolism of children *191

PAGE

Biliary duct system of dog, pressure factors in 400
Birth Injuries, cerebral hemorrhage in newborn 263
dislocations of cartilaginous epiphysis... 263
effects of birth-trauma on brains of the breast-fed 120
fracture of femur 263
intracranial injury and hemorrhage in stillborn and new-born..... 428
lesions of central nervous system following 560
posterior dislocation of lower humeral epiphysis 263
recent work in anatomy, physiology and pathology of infancy and childhood....*650
Bismuth salts, investigations of..... 678
Bladder tumors, primary, in children..... 141
Blindness from teeth, tonsils and accessory sinuses 858
Blood, alkali reserve of, its relation to blood sugar in parasympathetic poisoning.... 830
amount of diffusible alkali in serum of healthy and sick children.....533, 828
bilirubinemia in childhood..... 824
calcium and protein content of, relation between 525, 828
calcium, experimental alteration in, in serum and urine..... 678
changes in dehydration..... 722
circulation in infectious disease..... 265
coagulation, changes in hydrogen-ion concentration of blood with..... 107
concentration, characteristics of water exchange in growing organism..... 261
gases, determination of, by vacuum extraction and manometric measurement. 402
grouping in infants..... 112
injections, effect of hemolyzed and unchanged blood 829
lipase content of, in infants..... 526
lipolytic activity of, in tuberculosis.....*773
of new-born 836
parenchymatous nephritis; surface tension of blood serum.....*594
peptid nitrogen, and rest nitrogen..... 287
phosphorus, calcium and alkaline reserve of blood serums of normal and rachitic chicks, study of..... 680
phosphorus, inorganic, distribution of, in new-born *611
review of recent literature on.....*221
sodium, iodometric method for determination of, in small amounts..... 527
specificity, serologic examination of species hybrid; inheritance of species-specific qualities 530
specificity, serologic examination of species hybrid; tests with normal agglutinins.. 530
sugar, alkali reserve of blood and its relation to, in parasympathetic poisoning.. 830
sugar, determination of, in small amounts of blood 527

Blood—Continued PAGE
sugar, in new-born..... 543
sugar, micro-Folin-Wu method of quantitative estimation 824
sugar studies 829
transfusion in nurslings..... 851
transfusion, intraperitoneal 713
transfusion with citrated blood, intraperitoneal *519
transfusion work in hospital for sick children 142
uric acid determinations in..... 678
uric acid, effect of high fat diets on..... 830
uric acid, influence of sodium chlorid on level of 255
volume; recent work in anatomy, physiology and pathology of infancy and childhood *806
Bloomberg, M. W.: Gonorrheal proctitis as cause of blood and mucus in stools of infants *206
Bone development, possible significance of hexosephosphoric esters in ossification; enzyme in stages of bone development. 524
marrow, biological factor produced by.... 539
marrow, biological function of; pathogenesis of rickets..... 116
sarcoma, roentgen-ray treatment of..... 139
tuberculosis, heliotherapy in..... 152
